

# Structural Round Cabinets

for Residential and Commercial Applications

Durable, trouble free, long lasting! Structural's blow-molded round brine cabinets are ideal for both residential and commercial applications, with FDA-approved materials and a heavy-duty design. Quality production technology guarantees a long service life.

## Benefits

- Attractive styling
- Heavy-duty design
- Blow molded from FDA-approved materials
- Rigid, high-impact, non-toxic polyethylene
- Exceptional resistance to stress cracks
- Provides years of trouble-free service
- Designed to reduce salt bridging
- Optional molded salt grid plate for uniform brining
- Can be shipped with other water treatment components to reduce total shipping costs
